Re: **Docket No. 332 - Application for a Certificate of Environmental Compatibility and Public Need for the Construction, Maintenance and Operation of a Wireless Telecommunications Facility in Washington, Connecticut**

Dear Mr. Phelps:

As described in the above-referenced application, notice of Cellco's intent to file this application was published in the *Waterbury Republican-American* on March 26 and March 27, 2007. Attached are fifteen (15) copies of an Affidavit of Publication from the *Waterbury Republican-American* verifying this fact.

Please contact me if you have any questions regarding this matter.

Sincerely,

A handwritten signature in dark ink, appearing to read "Kenneth C. Baldwin".

LEGAL NOTICE

Notice is hereby given, pursuant to Section 16-50(b) of the Connecticut General Statutes and Regulations pertaining thereto, of an Application to be submitted to the Connecticut Siting Council ("Council") on or about March 29, 2007, by Cellco Partnership d/b/a Verizon Wireless ("Cellco" or the "Applicant"). The Application proposes the installation of a wireless telecommunications facility at one of two locations in the Town of Washington, Connecticut. The Site 1 location would consist of a 80' x 120' leased area within a 32.07 acre parcel at 6 Mountain Road. At this site, Cellco proposes to construct a 150-foot tower disguised as a pine tree. Simulated branches will extend an additional seven feet above the top of the tower to an overall height of 157 feet. Access to Site 1 will extend through property at 16 Mountain Road. The Site 2 location is a 60' x 95' leased area within a 1.25-acre parcel at 167 New Milford Turnpike. At this site, Cellco proposes to construct a 150-foot tower disguised as a pine tree. Simulated branches will extend an additional seven feet above the top of the tower to an overall height of 157 feet. Cellco will also install a new 12' x 30' shelter located near the base of the approved tower to house its radio equipment and an emergency generator. The location and other features of the proposed facility are subject to change under provisions of Connecticut General Statutes § 16-50g et. seq.

On the day of the Siting Council public hearing on this proposal, Cellco will fly a balloon at the height of each of the proposed towers described above, between the hours of 8 AM and 5 PM. Interested parties and residents of the Town of Washington are invited to review the Application during normal business hours at any of the following offices:
